# Introduction

## PROJECTS

kiure Engineering limited has provided multi-discipline engineering services to our clients since 2004. Our company fosters an innovative problem-solving environment that presents fast and flexible responses to client needs. The highly qualified team at kiure engineering limited can offer complete engineering services from the project feasibility phase through to detailed design and construction management

## PEOPLE

At kiure engineering limited we believe that the ultimate success of any project hinges primarily on the quality of the people involved. We have therefore made recruiting and retaining talented personnel a corporate priority. Our group of dedicated personnel is second to none

## PRIORITIES

Since 2004 kiure Engineering limited has been building long-term relationships with customers through a commitment to on-time and on-budget delivery of services. Most of our assignments are repeat business or come through referrals. We recognize that even though superior customer service is more than desirable, customer service alone cannot replace technical ability and experience in the consulting engineering field. As such, investment in personnel training and professional development is another high priority.

Kiure engineering company Limited is a full-service general construction company striving to ensure maximum value for you. Our construction services include

- Building Construction
- Civil Works
- Mechanical Works
